

June 2016

3.1.2016

Dear Gardener,

The Buxton Garden Fringe is a new project which will take place on Saturday and Sunday 11th and 12th of June 2016.

The project will centre around a series of open gardens, some of which will include artwork and literary presentations.

One aim is to encourage visitors to enjoy Buxton as a gardening destination. A second aim is to invite people with gardens to develop and encourage the gardening community in Buxton.

This is a pilot project to gain experience and generate interest in the community with a view to a much larger range of events being organised from 2017. The impetus for the event is the new R.H.S. Garden Show at Chatsworth taking place next year.

If you would like your garden to be considered as part of the event please complete the enclosed entry form.

Thankyou,

Jo and David Holdway, 20 Macclesfield Road
